Let's Play

"Play is often talked about as if it were a relief from serious learning. But for children play is serious learning.

Play is really the work of childhood."

Fred Rogers

Patterns

Let the fun begin. From mastering simple shapes, great creations - and imaginations - grow.

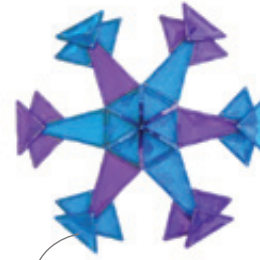

Happy Building

Count the points, name the colours

Repeating colour and shapes

Understanding patterns is important for developing critical thinking and logic skills.

Exploring and understanding patterns helps children with many other mathematical concepts.

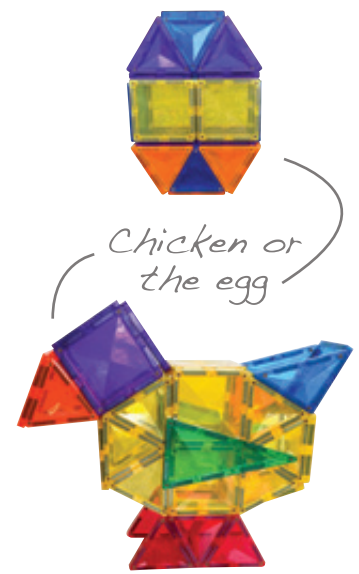

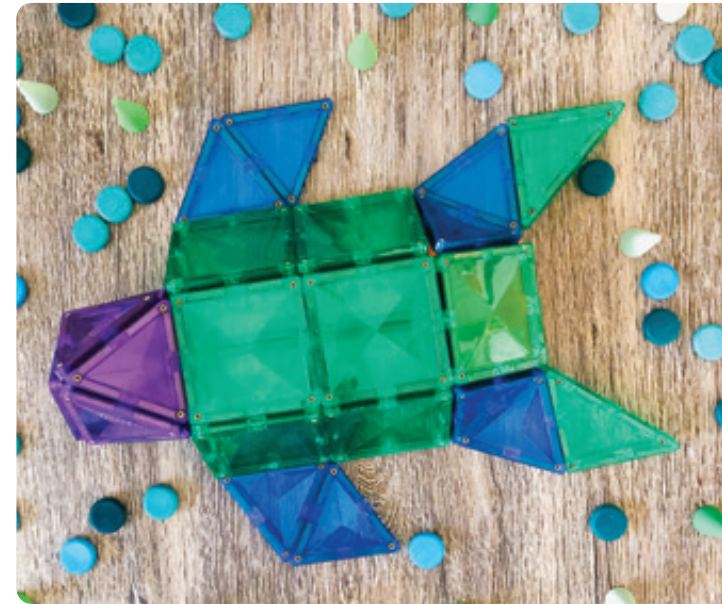

Nature

"A child's mind is not a container to be filled but
rather **a fire to be kindled**"

Dorothea Brande

Transport

"Playtime is precious. Play builds brain pathways for thinking, creativity, flexibility, empathy, and many other lifelong skills."

Heather Shumaker

The secrets to a beautiful rainbow.

Structures

Want to build big! Building a mega structure not only requires imagination but a little engineering to keep them standing strong.

Structures
